

## GETTING AROUND THE VENUE

The nearest accessible parking for Blackfriars is LadyBellegate Street Car Park, GL1 2HN. Which has **7 accessible parking spaces** out of 28. **The accessible car parking spaces** face opposite the customer entrance of Blackfriars.

Heading to the venue from the car park we have a cobbled pavement, but also a closed off road if the pavement is too uneven.

On approaching our customer entrance, we have a **wheelchair ramp** which leads to the gate. The gravel walkway is currently loose, so may be difficult for some wheelchair users.

If you require an alternative entrance, please let a member of our team know before your visit and we can arrange this for you.

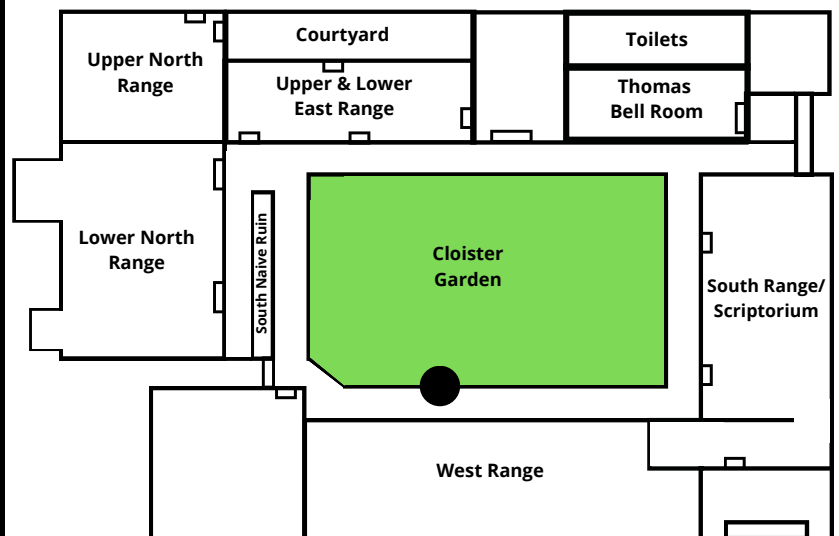

## GETTING AROUND THE VENUE

Once you are down the gravel path, the **Cloister Garden** has a stone path around the outside of it leading to the 3 main parts of the site; **The Scriptorium** straight ahead and **The East Range & The North Range**, to your left as you walk through the gate.

Some areas are uneven, so please be careful. The easiest route is to turn left through the gate and towards **The East Range**.

## SITE MAP

If you need assistance at anytime and can't find a member of staff, please call **07432 734529**

## GETTING AROUND THE VENUE

### Lower-East Range

Access to the Lower-East Range is via a flat surface. In the first part of the Lower-East there is a ramp going down to a lower level and a ramp leading to the outside courtyard.

Access to the toilets is via **9 steps** or an **accessible lift**.

### Upper-East Range

To get to the Upper-East Range, there is an accessible lift. There is also a short flight of **9 steps** leading to a level landing, then **11 steps** leading to the Upper-East Range entrance.

Both stairs have handrails on both sides.

### Lower-North Range

Access to the Lower-North Range is via a flat surface with a slight downward gradient. The floor inside is level, with one raised area of rubble on the far north side of the floor..

Access to the toilets is via **9 steps** or an **accessible lift** in the Lower-East Range

### Upper-North Range

Access to the Upper-North Range is via **5 steps** or an **Accessible Lift**. There are also **9 steps** at the back of the Upper-North Range, from/to the car park, which is a fire-exit.

Access to the toilets is via **9 steps** or an **accessible lift** in the Lower-East Range

## GETTING AROUND THE VENUE

### Thomas Bell Room

Access to the Thomas Bell Room is via an accessible lift or a short flight of **9 steps** leading to a level landing. The stairs have handrails on both sides

Access from the road can be arranged. This will be via our **Commercial Road** entrance, via a double set of steel gates.

### Scriptorium

Access to the Scriptorium is via a flat surface, there are however a couple of looser floor tiles in the approach. Be aware of these.

Access to the Scriptorium is only with supervision from a member of staff. The area has low-lighting levels and a slight slope to the floor.

There is currently no access to the first floor.

Small set of steps

Accessible toilet

Wheelchair Lift

Hearing Loop available.

Service & Guide dogs allowed
